A. OPENING

A.1. & 2. Meeting Called to Order
Chairperson Thames called the meeting to order at 7:07 p.m. All in attendance participated in the Pledge of Allegiance to the Flag, led by Mr. Thames.

A.3. Approval of Minutes of Previous Meeting

APPROVED – Minutes Regular Meeting of the Board of Education of March 8, 2021. Secretary Pattacini moved and Mr. Heinrich seconded the motion.

8/0 – Voted in favor.

B. COMMITTEE REPORTS
None.

C. CONSENT CALENDAR
Mr. Geary presented six items on the Consent Calendar for Board approval.
C.1. **Personnel Action**  
Details had already been provided to the Board members with their agenda.

C.2. **Transfer of Funds**  
- Transfer from System-wide Social Work Instructional Supplies and Materials account to System-wide Social Work Dues and Fees account in the amount of $80

C.3. **Establish an appropriation for the Enfield Head Start Training and Technical Assistance Grant for the FY 21-22 in the amount of $11,241**

C.6. **Establish an appropriation for the Manchester Head Start Grant for the FY 21-22 in the amount of $1,284,815**

**DISCUSSION:**  
Mr. Thames asked for information on the Head Start grants. Mr. Geary explained these are regular yearly Head Start grants. He reminded the Board that Manchester serves as the fiscal agent for Enfield Head Start as well.

The Chairman called for a motion.

Secretary Pattacini moved and Mr. Gundersen seconded the recommendation to adopt the Consent Calendar as outlined in this evening’s agenda.

8/0 - Voted in favor.
D. **STUDENT REPRESENTATIVE REPORT**

Alexandra Hamza informed us that the MHS Chamber Orchestra and regular Orchestra are planning to record both solos and a version of Mr. Rogers “Won’t you be my neighbor” in order to share with the community. Students are excited for the start of most spring sports, which are scheduled to start next Monday the 29th. The SAT’s are on Wednesday for all Juniors. The Sophomore and Freshman classes have already taken their PSATs during two Wednesdays this March. Last, Ms. Hamza mentioned that while the Freshman and Sophomore classes were taking their PSATS, other students who are taking AP classes were able to attend online AP review sessions.

Leila Affini told us that Ms. Miner has asked students to fill out a form to gauge interest for potential classes with college credit for next year including: Principles of Criminal Justice, Environmental Studies and Justice, Big Data for Big Policy Problems, Poetry in America: The City from Whitman to Hip Hop, and Introduction to Engineering.

Science Research students took home awards at the virtual Connecticut Science and Engineering Fair awards ceremony this past Saturday. Ms. Affini stated that a lot of students are excited for the start of 4th quarter on the 1st as well as Spring Break! Fully in-school learning is set to start on April 19th, after students come back from spring break.

E. **PUBLIC COMMENTS**

None.

F. **SUPERINTENDENT’S REPORT – PART I**

F.1. **Martin Elementary School Improvement Plan**

Mr. Geary introduced Ms. Sophia Krisch, Principal of Martin, along with many staff members. Their presentation is available on the website and highlighted Martins School Improvement Plan and how their Race and Equity work are impacting life at Martin.

Mr. Pattacini thanked the Martin staff for placing race and equity at the forefront of their work. Hearing staff and student’s stories and how the work
affects them is very powerful. He enjoyed seeing this work come alive in the school as it is powerful and meaningful. This is a trying time to connect with students and Martin is doing a great job.

**Mr. Thames** noted that race can be a difficult thing to talk about and he was blown away with the great approach Martin has taken. He likes the work going on and enjoyed being one of the highlighted readers in the past. Mr. Thames also noted that Amanda Gorman has a children’s book available, *Change Sings*. Mr. Thames feels Martin is an example for the rest of the district to follow, with their engaging and dynamic approach.

**F.2. Update on Covid-19 and Return to School**

**Mr. Geary** first noted that the second budget workshop with the Board of Directors is this THURSDAY, not Wednesday as he previously stated.

We are on track for grades 5-12 Hybrid students to return to full time, in-person learning on April 19th. That date was chosen intentionally to give time to watch the March variants and to have vaccines underway. Mr. Geary also noted that the CDC agreed with the reduction to 3 feet of social distancing with masks as long as the community spread remains low. There are a couple of issues to work out still, including cafeteria lunch time. Dattco is going through bus lists to remove students from the roster that have not ridden the bus this year. There is a slight conflict of end times with pre-Kn and elementary. These minor issues are being worked through and we are on track for April 19th.

Most staff that desired a vaccine were able to take part in several closed clinics. Some received the Moderna vaccine, which has 4 weeks between doses and the second dose is scheduled for April 6th. The remainder of staff received the Pfizer vaccine with a 3 week space. Second doses are scheduled for April 1 and 2 and grades 5-12 will be remote on April 1st (April 2nd is Good Friday). Once a staff member is 14 days past the second dose of the vaccine, they no longer have to quarantine for exposure unless they show symptoms. This will make it vastly easier to remain fully staffed. Mr. Geary noted that Illing went full remote for the rest of the week due to staff shortages.
Mr. Geary also noted he is working to hold a vaccine clinic for students at the high school age 16 and up once they are eligible, which should be mid-April.

We are watching the community spread carefully. Manchester is still in the red band with 15.6 new cases per 100,000 people. Once we drop below 15 we move into the orange band. There was a one day rise in the CT rate, nearing 5% positivity, but now we are back to the low 2’s. Occupancy limits have been removed from restaurants and churches and inside gatherings can be up to 25 people. Outside gathering limits have also been raised. End of year activity planning is underway. One guideline currently being revised is around travel. Connecticut has backed off on guidance so Mr. Geary is trying to formulate rules around travel (ie if you are vaccinated, have already had Covid, or have a negative rapid test you won’t have to quarantine upon return).

Mr. Geary anticipates smaller high school graduation ceremonies and currently there are focus groups of parents and students discussing the possibilities. Other end of year celebrations, including for grade 4, are being discussed. Mr. Geary is still planning to deny community use of buildings or grounds for the next several months.

The Summer Planning Team Meeting is being held Wednesday and Mr. Geary is excited to engage students in both learning and fun this summer.

Ms. Luna liked the idea of holding a vaccine clinic for our eligible students so they can be vaccinated in a timely manner.

Mr. Thames acknowledged the tremendous amount of work it has been to develop a scenario where we can return to buildings full time.

G. UNFINISHED BUSINESS
None.

H. NEW BUSINESS
None.
I. PUBLIC COMMENTS (Limited to items on tonight’s agenda)
Mr. Geary noted there was one Facebook comment about the bus problem with Pre-K, which we are working on.

Mr. Tom Stringfellow, 183 Hillstown Road, noted we are in Women’s History Month. He mentioned several women of note, including Madame Curie and Rosalind Franklin. Mr. Stringfellow mentioned the next TIME issue has an article about Asian discrimination. He suggested two books: Uncomfortable Conversations with a Black Man and This is the Fire. Last, Mr. Stringfellow noted Sesame Street is also talking about being black in America.

J. COMMUNICATIONS
Mr. Thames extended condolences to anyone that lost loved ones in Georgia. This was a tragic event and his heart goes out to the community as a whole.

Mr. Thames also wanted to shout out to the MHS staff. They received their 10 year accreditation recently and this is a rigorous process to go through during “regular” times, nevermind during a pandemic.

Mr. Meggers asked for Mr. Pattacini to say something about a new scoreboard and basketball court. Mr. Pattacini mentioned a discussion at the previous Buildings & Sites Committee meeting and he looks forward to further discussions about improvements in the district. Mr. Thames agreed, mentioning some of those improvements include solar panels.

K. ITEMS FOR FUTURE AGENDAS

THURSDAY, April 8 - Highland Park School Improvement Plan

Monday, April 26 - Verplanck School Improvement Plan

Monday, May 10 - Adult Education Update

L. ADJOURNMENT
Mr. Thames called for a motion to adjourn.
Secretary Pattacini moved and Ms. Patterson seconded the motion to adjourn the meeting.

8/0 - Voted in favor.

**Adjournment 8:24 p.m.**

Respectfully submitted,

Christopher Pattacini
Board Secretary
Manchester Board of Education  
Building and Sites Committee Meeting Minutes  
Lincoln Center - Virtual  
March 22, 2021

Committee Member Attendees: Chairman Darryl Thames Sr., Chris Pattacini, Peter Meggers, and Campfield Heinrich

Other Attendees: Karen Clancy, Director of Finance & Management & Lindsey Boutilier, Director of Operations & Athletics

**MHS Projects**

The committee was provided an update on the status of the high school roof project and on the interior work taking place. This work includes new signage, painting of hallways and the auditorium.

**Solar Panel Project**

The Board of Education and the Town of Manchester have entered into an agreement with CT Green Bank for a solar municipal program that provides upfront financing through a purchase power agreement. The program allows municipalities to access renewable energy at a discounted rate and achieve energy savings through the installation of solar panels on the roofs of our buildings. There is no cost to the Town or Board. The PV panels are owned, operated and maintained by CT Green Bank partners through a competitive bidding process. School buildings involved in the project are Bennet, Highland Park, Martin, Verplanck, Waddell, Manchester High School and Manchester Regional Academy.

**Waddell & Verplanck Solar Panel Status**

We met with the electrical contractor to resolve the issue with Verplanck solar panels. It was confirmed that the panels are operating. The contractor provided login information so that we may access and view the data. We are working with the Town and the Waddell electrical contractor to identify and resolve the issue with Waddell solar.

**Verplanck Open Items**

Millwork was completed and awaiting acceptance by TSKP. This was the final open punch list item on the project.

There is an issue with water leaking into the basement through the foundation during rainstorms. TSKP, Downes, Town, Building Committee and B&G are working to identify the source of the leak.

**Energy Efficiency Project**

The Board of Education and the Town of Manchester have entered into an agreement through Eversource for an energy audit/project where we will receive energy incentives. Phase 1 will focus on an LED lighting upgrade for fixtures throughout the buildings. This work will take place over the summer and into the Fall.

**Buildings & Grounds Office**

The Buildings & Grounds office located at 325 Olcott Street is in need of a new roof and exterior painting. We are also looking at the long term plan for this building and are investigating the space needs of Central office.

**Spring/Summer Projects**

Mr. Boutilier reviewed projects that will be taking place over April break and throughout the summer. Most projects will be at Illing Middle School and Manchester High School and will be paid from the Alliance construction grant. We are also looking at classroom expansion options at Highland Park School as they are at capacity. Buckley School
will be moving into Robertson at the end of this school year during construction. We are looking to move MMA to a temporary location yet to be determined.

**Maintenance Vehicles**

A number of maintenance vehicles have recently been broken into. Windows were smashed, tools and catalytic converters have been stolen. The incidents have been reported to authorities. Vehicles have been moved to more secure locations.

Respectfully Submitted,

*Karen L. Clancy*

April 8, 2021
To: Manchester Board of Education  
From: Matthew Geary, Superintendent of Schools  
Subject: Permission to apply Carl D. Perkins Career and Technical Education Secondary Special Populations Recruitment and Retention Grant for FY20/22  
Date: March 31, 2021  

Background:  
Manchester Public Schools has demonstrated a record of excellence in career and technical education. The Carl D. Perkins Career and Technical Education Secondary Special Populations Recruitment and Retention Grant will improve and expand education and career readiness by designing and implementing improved plans for the recruitment and retention of students representing special populations into Career and Technical Education Career Clusters, pathways and programs of study.

Discussion/Analysis:  
Funds will be used over a 5-month period (April 1, 2021 - August 31, 2021) to:  
1. Revise and/or re-write curriculum to ensure cultural diversity, representative of our student body, equity of access and differentiation and alignment with state/national standards in Business, Family Consumer Science, Health Careers and Technology Education departments.  
2. Provide professional development opportunities to educators to ensure that student access to materials and activities are equitable and will prepare them for a transition to a technologically-advanced employment workplace.  
3. Support specific developmental initiatives through funding for instructional programs, supplies and equipment for grades 9-12 in the aforementioned areas.  
4. The Career and Technical Education Secondary Special Populations Recruitment and Retention Grant (grant) was designed to assist eligible secondary Perkins V recipients in designing and implementing a plan for the recruitment and retention of students representing special populations into Career and Technical Education Career Clusters, pathways and programs of study.

Financial Impact: None  

Other Board/Commission Action: None  

Recommendations: The Superintendent recommends that the Board of Education give permission to apply for the Carl D. Perkins Career and Technical Education Secondary Special Populations Recruitment and Retention Grant for FY20/22 in the amount of $22,167.

HPS Equity Team

A team of educators leading the school in the mission of eliminating opportunity and achievement disparities by...

- Establishing a forum for courageous conversation about race, culture and difference that deepen understanding, foster communication and build strong positive relationships with all staff, students, families and community members.

- Creating a culture and providing structures and professional learning that encourage **ALL** to discuss differences openly, honestly, and as safely as possible in the work environment.

- Supporting the growth of adults self-awareness on their race and equity journey and understanding of unconscious biases that impact students’ and families’ experiences within traditional educational practices.
Equity & Teaching
Supporting emerging school equity leaders willing to develop their will, skill, knowledge and capacity to support colleagues in understanding race and deinstitutionalizing racism.

Student & Family Connections
Focusing on different ways to stay connected with students and families to support access to educational resources and promoting the integration of race and equity in SEL.

Resource Forum
Establishing a forum that will encourage ALL staff to address their own beliefs and examine institutional practices.
Centering & Empowering Student Voice

- Teacher led collegial initiative
- Partnering with the District’s Youth Empowering Coordinator
- Participated in training to facilitate student focus groups
  - centering student voice
  - empowering student voice
- Timeline
  - Launch this spring
  - Across all grade levels K-4
  - Groups of 3-5 students

Discussion Topic: Physical Activity
Race and Equity Read Alouds

- Read-Alouds inspire joy for reading, help to build important foundational literacy skills, introduce vocabulary, strengthen attention spans and listening skills, provide a model for fluency, increase comprehension of text and so much more!

- What’s extra special about the particular read-alouds that we are engaging in is the fact that the books we will be reading will center on black and brown characters and their lived experiences, be written by black and brown authors, and will be read by black and brown readers! The value of our read-alouds increases exponentially being that we are giving every student a truly culturally rich experience and our black and brown students will get to see themselves positively represented on multiple levels!
Restorative Team

- Restorative Practices looks to create an inclusive and intentional community that emphasizes using the relationship to solve conflict. We are clear that in order to be an inclusive community, we have to be culturally competent.
- Creating meaningful relationships that allow you to critically reflect, collaborate, and empathize with one another.
The purpose of the Affinity Circle is to allow staff to come together out of a common experience or identity to support each other and perhaps to promote progressive change.
