August 27, 2018

In attendance: Peter Conyers, Jason Scapaticci, Melanie Stefonovicz, Amy Radikas, Diane Sheehan-Burns, Pari Ghetia, Katelyn Miner and Antonio Valdez

Items discussed:

1. **Follow Up: E-Sports, Extra Curricular Gaming:** Principal, Katelyn Miner, and student, Antonio Valdez, provided an update regarding the potential addition of the video game Overwatch to the E-Sport extra-curricular club. Committee had asked for information pertaining to the process other districts and the state technical high school system have used when considering the inclusion of Overwatch in their E-Sports programming. Responses varied. However, over the summer the CT Interscholastic Athletic Conference (CIAC) and the National Federation of State High School Associations entered into a partnership to provide a platform to operate an official high school E-sports league. Role of CIAC led committee members to approve Manchester High School’s participation in this newly created E-Sport opportunity.

2. **New Staff Orientation / District Professional Development Update:** Fifty new certified staff members were welcomed to Manchester Public Schools. Two days of activities including curriculum, technology, family engagement, equity and team opportunities were provided. District Professional Development slated for August 30th – session offerings ranging from vertical team curriculum work, social emotional learning, HSA Q&A and pause time – just to name a few.

3. **Humanities Highlights for 2018-19:** Diane Sheehan-Burns, Director of Humanities, shared plans for adding a world language experience (Spanish) in Grade 5. Plan to continue Spanish experience to Grade 6 during 2019-2020. PK curricular work will involve the theme of Communities. Intentional planning key to this process.

Movement of Grade 5 to Bennet for 2018-2019 has led to curricular shifts in Humanities and STEAM as teachers move towards departments and teams. Work underway planning units.

Curriculum development underway to further develop Social Studies units for Grade 5.

Non-fiction and fiction books purchased to support units for ELA in Grade 5.

4. **STEM Update:** Pari Ghetia, Director of STEAM, discussed addition of Grade 5 STEM teacher to Bennet. Teacher will work to provide all students exposure to explore Science, Technology, Engineering and Mathematics and support vertical alignment Grades 5 through 8. Work incorporating Next Generation Science Standards (NGSS) underway district-wide. Grades 7 & 8 partnering with CT Science Center.

Meeting adjourned at 6:47 p.m.
Respectfully submitted,
Dr. Amy F. Radikas
