**A.3. Secretary’s Welcome**
Acting Secretary Stefanovicz stated that as Acting Secretary of the Board of Education, she wished to extend a warm welcome to everyone present and to the television viewers. She, along with the Board and the Superintendent, were pleased to be joined in celebrating the achievement, reviewing information, and discussing areas for growth, along with making policy decisions related to the effective operation of the Manchester Public Schools. Ms. Stefanovicz explained that this is a regular meeting of the Board and all items that will be discussed or voted on this evening have been posted, as required by state law.

Ms. Stefanovicz explained that as the Manchester Board of Education, they are here to set goals, listen to reports of the Superintendent, approve budgets, contracts, and personnel appointments, and to create policy for the district. They are not here to make management decisions or solve the problems of individuals. Members of the public with individual concerns may contact the Superintendent directly. It was explained that meetings of the Board are open to
the public, but are not meetings with individual members of the public. Therefore, comments from the audience will be confined to the time designated for the public to address the Board.

Committee members have requested to see student responses to the DBQs at a future committee meeting.

Mr. Geary clarified that item C.12. was necessary to bring last year’s budget to a zero balance. Mr. Geary reminded the board that there were challenges in the FY 2018-2019 Tuition and Transportation budget lines and money that was frozen in other line items was transferred into Tuition and Transportation lines.

F. SUPERINTENDENT’S REPORT – PART I

F.1. Update on Human Resources
Mr. Geary introduced the Director of Human Resources, Mrs. Sinthia Sone-Moyano. Mrs. Sone-Moyano gave a presentation that is available on the website, outlining the Human Resources Department Talent District Improvement Plan.

Mr. Meggers asked what the retention rate of teachers and administrators hired within the last 3-5 years looked like. Mrs. Sone-Moyano explained that while she doesn’t have data going back that far, she can explain that most staff who have left typically do so for promotional or opportunities for growth or for locations
closer to home. There is a trend showing that newer teachers in the millennial generation tend to transfer between employers approximately every 3-5 years, and while our union contracts are comparable to other local school districts, our salary options are not. Mr. Geary reported that over the last 3 years, the retention rate has been around 80% and explained that some of the loss was due to early retirement incentives. Mr. Geary reported that they are looking into ways to retain the millennials.

Mr. Hughes asked whether or not there are opportunities for promotion or salary increases for our teachers. Mrs. Sone-Moyano explained that salaries are governed by the union contracts and are negotiated, but that there are opportunities for stipends which offer additional pay and leadership opportunities.

Mr. Conyers requested information on recruitment practices for teachers of color. Mrs. Sone-Moyano explained that they have to think outside of the box to recruit minorities. Most come into the education industry later in life mostly as a second career which means that recruiting directly through college partnerships hasn’t produced the numbers to provide more candidates. Mrs. Sone-Moyano discussed the shift to recruiting within our district. She explained how we can invest in our own non-certified staff who show promise and an interest in education to support and grow them.

Ms. Stefanovicz wondered if we see a burn-out or a loss of interest in the millennials, or that possibly they believe they have reached their peak within this job which may explain the turnover. That they may suffer from “compassion fatigue”. Mrs. Sone-Moyano spoke about the use of buddies within the same buildings, beyond their mentors. She mentioned the use of our Employee Assistance Program to support stress management.

Mr. Thames mentioned that some people might be uncomfortable with people that they are unfamiliar with (i.e. different race or ethnicity) and that during the interview process, those on the interview panel may tend to lean towards candidates that they are comfortable with. Mr. Thames asked what the process for selecting individuals for the interview panel is, and how are we managing
diversity at that first level. Mrs. Sone-Moyano described that we hire through the lense of diversity, but that we don’t have a process to specifically guide our hiring teams yet. This is currently being developed through conversations with administration. The Human Resource Department has guided the hiring administrators in selecting individuals at the building level in certain types of roles to be on the interview panel (teacher, support staff, social worker, etc) and mentioned that some schools who have an active School Governance Council have requirements to have parents participate.

Mr. Thames thanked Mrs. Sone-Moyano for the presentation and was appreciative of the in-depth information that she provided, and the out-of-the-box approach she is taking in regards to recruitment. He reminded the board that we must be able to accept a person based on the gifts they bring to the table, and need to look beyond the surface of the individual. The board has a responsibility to actively market this town and this school district, and that they must continue to push the message of diversity.

**Waddell Punch List**

Ms. Clancy reviewed the outstanding punch list items at Waddell School. There is one major item, the installation of a radiant panel on the first floor, that will be addressed over December break. If weather impacts the work, it will be completed in April. It is anticipated that this project will be 100% complete in the spring of 2020. Mr. Conyers has requested information on solar panel energy generation / costs.

**Verplanck Punch List**

Ms. Clancy distributed a copy of the outstanding punch list items at Verplanck School. There are approximately 4 pages of open items that are minor in nature. TSKP and Downes Construction are working to complete all open items. Mr. Conyers has suggested temporary signage be posted at the exterior rear area of the building until such time that permanent lighting is installed for safety purposes.

**MRA Roof Update**

Ms. Clancy updated committee members on the status of the MRA roof project. Mr. Crowley, Mr. Till and Ms. Clancy met with the architect and the roofing contractor on October 9th for a pre-construction coordination meeting to review the schedule, staging, site access and other logistics of the project. The project should be complete by mid to late November.

**SMARTR2 - Next Steps**

Ms. Clancy updated the committee on a meeting held with the Town General Manager, Finance Director, Building Committee Chair, Public Works Director, Project Manager, Deputy General Manager, and the Project Accountant for the purpose of discussion on lessons learned with SMARTR school building projects and next steps for the SMARTR2 school building projects. Bidding and selection for architectural services and construction management services will begin between November 2019 and January 2020.

**Other**

Mr. Conyers asked how Manchester Middle Academy was currently operating and about the plan for its future location. Mr. Geary responded that the operation is filling a need and that we will have to consider options for a location moving forward. The intent is to remain at the Robertson location until the next school renovation project requires it for swing space which will be in the Fall of 2021.

Respectfully Submitted,
