G. UNFINISHED BUSINESS

None.

H. NEW BUSINESS

H.1. Voluntary Early Retirement Incentive Plan

Mr. Geary reviewed that the Board has offered an early retirement incentive the last two years. This plan helps reduce the budget but also, with the closing of Washington School approaching, knowing about retirements earlier would help in placing teachers into open spots closer to the end of January. This incentive is for certified staff and administrators who are eligible for early retirement. Mr. Geary noted he does not anticipate offering this incentive again for at least several years.

Mr. Conyers wondered how many staff members took advantage of the program over the last two years. Mr. Geary noted the first year it was offered very late in the year, due to a need to drastically cut the budget in the spring and about 12 people accepted the offer. Last year about 15 people retired early with the plan.
Ms. Stefanovicz wondered if there is a specific number of staff allowed to take advantage of the plan. Mr. Geary noted we can cap the number at 10, which might be done to mitigate the number of sick day payouts needing to be made. Staff members who were hired before 1998 were able to cash out most or all of their sick days, which can be costly. Ms. Stefanovicz wondered, without the incentive, how many staff members would be estimated to retire. Mr. Geary stated that they can look at the number of staff eligible for retirement, but it is difficult to forecast who might actually retire as that is an individual decision based on each person’s financial planning, how many years until they qualify for Medicare, if their spouse provides their insurance, etc.

Secretary Pattacini moved for the Board of Education to approve the Voluntary Early Retirement Incentive Plan with a retirement date of June 30, 2019 for eligible certified staff. Ms. Hagenow seconded the motion.

9/0 - Voted in favor.

H.2. Policy Recommendations
Mr. Geary reviewed the following policy recommendations. This is a first read for these policies, and if there are no significant issues, they will be brought back for approval at a future meeting. The full policy recommendation can be found on the website.

a. Extended Learning Opportunities - Policy 5127
Mr. Geary explained that this policy allows students to take advantage of many learning opportunities, including internships, job shadowing, and online opportunities. Recent legislation allows a mastery base to learning and this policy allows access to these opportunities that take place outside of the school. Funding sources include the Nellie Mae Foundation and Barr Foundation Grants.
b. **Mission of Manchester Board of Education - Policy 6120**

Mr. Geary reviewed, this adds a section to the mission requiring a yearly update to the town.

Mr. Thames wondered if there are paid work study programs available for students, as he recalled being available when he attended high school. Mr. Geary noted that the goal is to allow for work with community partners, some of those opportunities being paid, and some being unpaid experiences. Previously, only paid internships were allowed.

Ms. Stefanovicz loved the idea of an annual report to the community and wondered who the intended recipients are. Mr. Geary noted that for the last five years we have given an annual report to the town and this addition to the policy simply put the requirement in writing. There are many different sections to the annual report, and they include snapshots of several areas, some of which may be helpful to local realtors, including the athletics department, extracurricular activities and other areas that might interest people moving into town.
