Manchester Public Schools

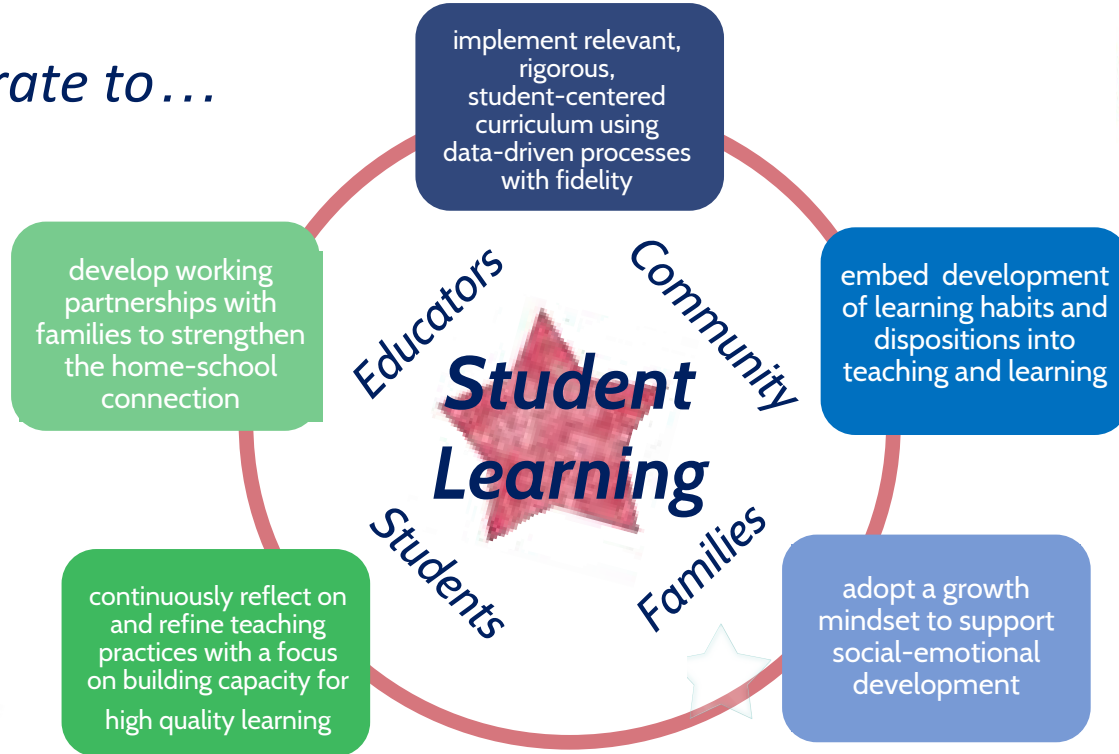

Superintendent's Proposed 2018-19 Budget

We work in service ...

MPS: Theory of Change

If we collaborate to...

...then a strong climate and culture will be established around learning, instruction will improve, individual needs will be met, achievement will increase, and all students will be prepared for learning and work beyond high school.

MISSION

Manchester Public Schools will engage ***all*** students in the highest quality 21st century education preschool through graduation. Through an active partnership with students, school personnel, families and community, the Manchester Public Schools will create safe, inclusive schools where equity is the norm and excellence is the goal. ***All*** students will be prepared to be lifelong learners and contributing members of society.

EQUALITY

equity

Equity is achieved when student outcomes are not predicated by gender, race, ethnicity, class, or special needs and where all students reach a level of efficacy and competence that supports a rewarding and productive life. This requires elimination of the inequities that contribute to disproportionate learning and achievement by students of certain social groups while ensuring students are prepared for a productive and meaningful life.

NOISY

All students will value all educational opportunities; remain in school; and graduate with optimism and confidence in their choices.

VALUES

All students will:

- Achieve mastery in literacy and numeracy as articulated in the Common Core.
- Demonstrate the skills and competencies required for success in learning and work beyond school.
- Demonstrate personal responsibility, character, cultural understanding, and ethical behavior.

District and building level faculty and staff will:

- Develop capacity through reflection, professional learning opportunities including coaching, job embedded professional development, and participation in workshops, and support from school leaders and colleagues over time.
- Build relationships based on trust through listening, welcoming, respecting individual differences, and allowing for shared decision making with parents, families, and other stakeholders.

SMARTR2 PRIORITIES

- Continually monitor the District Improvement Plan that includes clearly defined goals and strategies in the areas of Systems and Operations, Academics, Culture and Climate, and Talent Development to support improved student performance for all students
- Complete Phase 1 of the Manchester Public Schools 2025 Building Renovation Plan which includes the Bennet-Cheney 5/6 Academy, Waddell Elementary School renovation and expansion, and Verplanck Elementary School renovation and expansion along with planned security upgrades at all schools; Build public support for Phase 2 of the Manchester Public Schools 2025 Building Renovation Plan, which includes the renovation and expansion of Buckley Elementary School, Bowers Elementary School, Keeney Elementary School, and Martin Elementary School, after review by SMARTR2 Committee
- Continue to build upon existing collaborative relationships with Town officials and the community at large
- Continue to actively promote the good work of the Manchester Public Schools through strengthened communication and outreach
- Begin Board of Education Self Evaluation process developed by the full Board during 2016-17

SCREENING PROGRAM

- Early Screening Inventory (K readiness)
- Percent of students
 - reading at or above grade level as indicated by the Developmental Reading Assessment 2 and Fountas and Pinnell assessments
 - scoring at or above standard on Math Unit Assessments
 - scoring at or above the state average on the PSAT
 - earning a B or better on High School Final Exams
- High school graduation rate
- Percent of students who are chronically absent

EVALUATION

The Collaborative for Educational Services has been engaged to evaluate the following programs:

- Coherence and Culture
- Improvement Planning
- Student-Centered Learning
- Family and Community Partnership Work

ACADEMICS

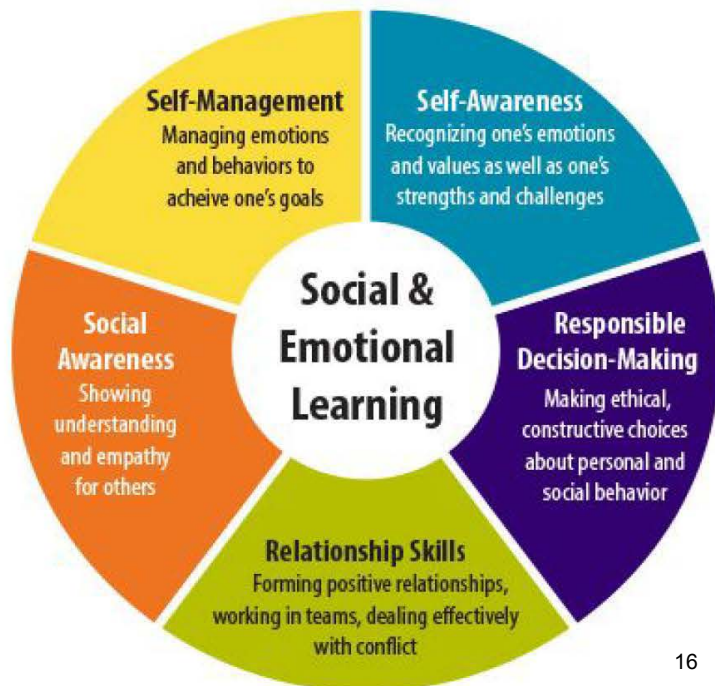

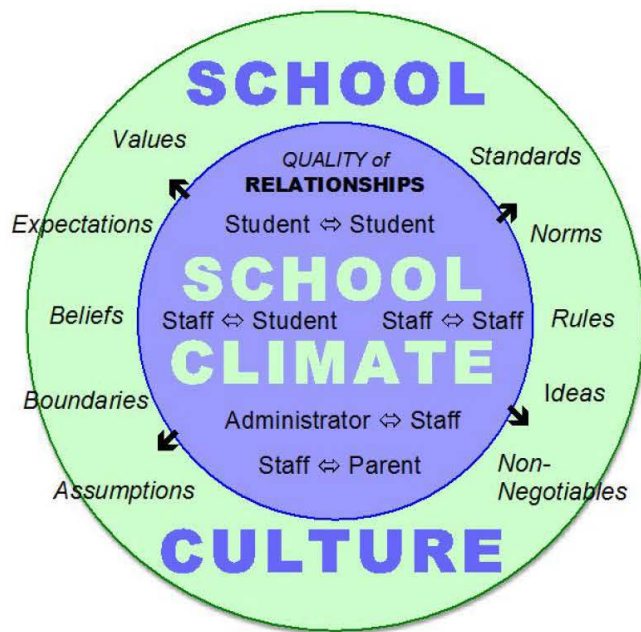

Personalized Learning

COACHING MODEL

CLIMATE

If we want to try to improve the early lives of disadvantaged children today, there is considerable evidence that the best lever we can use is that same powerful environmental element: the behaviors and attitudes of the adults those children encounter every day.

BUDGET PRIORITIES

- Maintain adequate and equitable class sizes in all classrooms
- Ensure necessary instructional resources and materials are in place to support teaching and learning equitably across the district
- Continue implementation and strengthening of curriculum units, including those that support workshop model and personalized learning pre K - 12
- Provide professional learning experiences necessary to support shifts in classroom instruction and strengthening school climate / other supports
- Strengthen work of the Professional Learning Communities (PLCs) at all schools by providing professional development and additional planning time
- Ensure adequate funding of Capital Improvements and Capital Repairs
- Strengthen after school academic and recreational programming

ABOUT THE BUDGET

Objects- Object codes represent the categories (ie. certified salaries, professional development, instructional supplies, vehicles) we use to build a budget.

Locations- Locations are places where teaching and learning and related activities take place (schools, central office, magnet schools (tuition))

Programs- Programs are essentially departments (ie. Language Arts, Math, Family and Consumer Science, Music etc.)
